Bellows suction cup

HANWHA

Product characteristics

- * Excellent sealing performance, reduce energy consumption
- * The seal lip is soft and adaptable, ensuring the absorption of curved surfaces and non-rigid work
- * The suction cup is a plug-in connection, fast disassembly, reduce system maintenance and downtime

Product structure

- * Strong and wear-resistant 2.5 fold corrugated suction cup, soft and flexible sealing lip
- * Specially thickened joints and corrugated suction cups are integrated for improved stability

Product advantages

- * One piece suction cup, easy to replace, fast
- * 2.5 corrugated structure has buffer protection effect on the workpiece
- * Long compression stroke
- * Large suction
